

Ignite Community Engagement

Workshops, interaction & networking with talee!

Are you looking for **new formats and events** for your talee platform? Would you like to **accelerate** networking and knowledge transfer in your company? Or do you have a completely different challenge?

Together with you, we as team talee will find and develop suitable formats for your **corporate culture**.

We accompany you - completely **digital**

- with the development and communication of **your own formats**.
- with our **moderation** and the implementation of selected formats.
- with technical and methodical **training**.

Teambuilding

coming together professionally and personally - for real teamwork.

Networking

as a key factor for success - synchronous and asynchronous, remote or onsite.

Knowledge transfer

promotes innovation and carries on traditions. Makes experience available to everyone. For a sustainable culture.

We-Culture

for more cohesion in your organisation and fun in your working day.
